- **Secondary School Certificate (SSC) (2018 – 2020)**
Suraj Mohini Institute School & College | Science | GPA: 4.33/5.00

EXPERIENCE

Fresher with hands-on experience in software development and programming through academic and personal projects. Passionate about learning, problem-solving, and contributing effectively to organizational growth

LANGUAGE

- Bangla (Native)
- English (Fluent)

ABOUT ME

Motivated Computer Science and Engineering student with hands-on experience in software development and programming. Skilled in Python and Java, with a strong interest in cybersecurity and system design. Passionate about problem-solving and building practical solutions through technology. Eager to apply technical skills in real-world environments, contribute to innovative projects, and continuously expand my knowledge of modern technologies. A quick learner with strong analytical thinking and a commitment to delivering efficient and reliable solutions. Seeking opportunities to grow professionally while creating value for the organization.

SKILLS

- **Programming** Python, Java, PHP, JavaScript, C
- **Software Development** OOP, DSA (Basic), Problem Solving, Debugging
- **Data Analysis** Pandas, Matplotlib, Data Visualization, ML Basics
- **Web & Tools** HTML, CSS, Git, GitHub, VS Code
- **CS Fundamentals** Operating Systems, Computer Architecture, Networking
- **Cybersecurity** Security Principles, Ethical Hacking Basics
- **Soft Skills** Analytical Thinking, Teamwork, Time Management, Adaptability
